WHO FRAMEWORK CONVENTION
ON TOBACCO CONTROL

S E C R E T A R I A T

Article 12 - Education, communication, training and public awareness

In this section, you will be requested to describe your national progress in the adoption and implementation of educational and public awareness programmes that were undertaken in your jurisdiction.

- Specify the target groups of these programmes and how key differences in the target populations are taken into account when developing communication programmes, including the age, gender, educational and cultural background and socioeconomic status of the target groups.
- Indicate with a YES or NO response if they cover specific topics, such as health, economic and the environmental consequences of tobacco use.
- Report if specific training or awareness programmes in tobacco control are addressed to specific groups, such as health workers, community workers, social workers, media, educators, decision-makers and administrators
- Provide information on who is involved in the development and implementation of such cross-cutting programmes.

Please provide a brief summary of the progress you have made at a country-level in implementing Article 12 in the past two years or since the submission of your last report to the WHO FCTC Secretariat. Please also tell us if you have used or consulted the WHO FCTC Guidelines.
