Section: General Information

* Please indicate if your organization would like to retain its status as observer to the Conference of the Parties

* Yes

* Does your organization's mission statement specifically refer to tobacco control?

* Yes

* If yes, please specify:

* The International Network of Women Against Tobacco (INWAT) was founded in 1990 by women tobacco control leaders to address the complex issues of tobacco use among women and young girls. If tobacco use and exposure can be prevented or stopped, women's health can be vastly improved. An international network of women against tobacco is one of our greatest strengths in achieving improved health and greater equality. INWAT provides contacts, primarily women, but increasingly to men, to individuals and organizations working in tobacco control; collects and distributes information regarding women and tobacco issues globally; shares strategies to counter tobacco advertising and promotion; supports the development of women-centered tobacco use prevention and cessation programs; and collaborates on the development of publications regarding women and tobacco issues.

* Does your organization have regional branches to enhance activities in different regions or groups of countries?

* Yes

* If yes, please provide details:

* Africa

Europe

Latin America

Australia & New Zealand

South & South East Asia

* Does your organization regularly convene meetings or conferences for its membership?

* Yes

* If yes, is tobacco control covered in these meetings?

* Yes

* If yes, please provide details:

* INWAT Europe, our most well-resourced branch, meets annually in Venice to discuss issues relevant to woman and tobacco control in the European Region.

INWAT (All branches) meet every three years in conjunction with the World Conference on Tobacco Or Health.

The INWAT Board, including past presidents, meets telephonically every three months.
